PETER GOLUB 3921 S 2000 E HOLLADAY UT 84124-1730	GRANITE SCHOOL DISTRICT EMPLOYER ADVOCATES LLC PO BOX 9 MIDVALE UT 84047-0001

The Claimant has filed an appeal of a Department decision. Under the legal authority of Utah Code §35A-4-406, a formal telephone hearing regarding the issue(s) listed on this notice has been scheduled.

DATE OF TELEPHONE HEARING: Tuesday, July 8, 2025

TIME OF TELEPHONE HEARING: 12:30 PM (Mountain Time)

YOU MUST CONFIRM PARTICIPATION

Confirm online at jobs.utah.gov/myAppeal.
All parties must confirm participation in advance in order to participate.
The Claimant must confirm no later than
Monday, July 7, 2025 at 12:30 PM or the hearing will be canceled.

You must confirm participation online at jobs.utah.gov/myAppeal or by calling the Appeals Unit at (801) 526-9300 or toll free at (877) 800-0671. We are open Monday - Friday, 8:00 a.m. to 5:00 p.m. We are closed on state and federal holidays. You will need to provide us with the telephone number where you can be reached on the day of the hearing.

* **If the Claimant fails to confirm participation by Monday, July 7, 2025 at 12:30 PM the hearing will be canceled,** an Order of Default will be issued, and the hearing time will be assigned to another case.

* If the Employer fails to confirm participation prior to the hearing, the hearing will go forward with just the Claimant.

* The Administrative Law Judge (ALJ) will **NOT** call you for the hearing if you do not confirm your participation as instructed. You must confirm for the hearing even if you have provided a phone number to the Department previously.

* The ALJ's decision will be based only on the testimony and evidence presented at the hearing. Failure to participate in the hearing may result in a decision against you.

RESCHEDULING: To ensure a prompt hearing, rescheduling requests are granted only for extenuating or extraordinary circumstances. You are expected to take time off from your everyday affairs, including work/management duties, school, vacation, doctor appointments, etc., to participate in the appeal hearing. You must speak directly with an Appeals Unit representative to request rescheduling and give specific details as to the reason rescheduling is necessary.

THE ISSUES TO BE HEARD DURING THE HEARING ARE: (Section references are to the Utah Employment Security Act and the Utah Administrative Code. Go to jobs.utah.gov/appeals for links to the laws and rules.)

35A-4-405(1)(a): Whether the claimant left work voluntarily without good cause; (b) whether a denial of benefits would be contrary to equity and good conscience; (c) whether there is evidence of a continuing attachment to the labor force; or (d) whether the claimant left work voluntarily to accompany, follow, or join a spouse in or to a new locality. Department Rule R994-405-001 thru 003 also applies to separations from a Temporary Help Company or a Professional Employment Organization.

35A-4-403(1)(c): Whether the claimant is able to work, available for work, and is making a good faith effort to secure work. Whether the claimant accepted all available work during each week for which benefits were claimed. Whether the claimant can be deferred from making a work search.

35A-4-306 through 307: Whether the employer is eligible for relief of its share of benefit costs in connection with a claim for unemployment benefits filed by a former employee. (Sections 35A-4-309 and 35A-4-311 apply to reimbursable employers.)

35A-4-405(2)(a): Whether the claimant was discharged for just cause, or for an act or omission in connection with employment, not constituting a crime, which was deliberate, willful or wanton and adverse to the employer's rightful interests. Department Rule R994-405-001 thru 003 also applies to separations from a Temporary Help Company or a Professional Employment Organization.

35A-4-405(3)(a): Whether the claimant failed without good cause to apply for or accept referral to available, suitable work, or failed to accept an offer of available, suitable work; (b) whether a denial would be contrary to equity and good conscience, or the claimant has demonstrated a continuing attachment to the labor force.

ADDITIONAL HEARING INSTRUCTIONS:

CLAIMANT: If the enclosed documents do NOT include ALL of your job search contacts for the time frame under appeal, submit any additional job search contacts to the judge, and any other parties listed on this notice, AT LEAST THREE DAYS prior to the hearing.

DAY OF THE HEARING: Be available at the time of the hearing and answer when the ALJ calls. If you do not answer on time, you may not be allowed to participate in the hearing. If you have not received a call from the ALJ after waiting ten minutes from the scheduled hearing time, call the Appeals Unit. Make sure you are in a location with good reception, and that you have no other responsibilities to attend to during the hearing so you can give the hearing your full attention. If you are distracted or unable to answer questions, the ALJ may not allow you to participate. We will not hold a hearing with a person who is operating a motorized vehicle. If you cannot hear or do not understand what is going on, let the ALJ know. If your call gets disconnected, immediately call the Appeals Unit.

HEARING PROCEDURE: At the start of the hearing, the ALJ will explain the procedure that will be followed, and the issue(s) that will be addressed. Testimony is taken under oath and recorded. The hearing is your opportunity to present your case. The ALJ's decision will be based on the evidence and testimony presented at the hearing, so it is important for you to present all testimony and evidence you want the ALJ to consider. The parties must confine themselves to the relevant issue (s). All parties will be given an opportunity to present evidence and testimony, and to confront and question opposing parties and witnesses. After the hearing, the ALJ will issue a written decision. If you disagree with the ALJ's decision you can file further appeal to the Workforce Appeals Board (Board); however, the Board does not hold another hearing, and you will generally not be allowed to present new or additional evidence. The Department's appeal and hearing procedures, outlined in Utah Administrative Code R994-508-101 through R994-508- 401, can be viewed online at rules.utah.gov/publicat/code/r994/r994-508.htm.

DOCUMENTS: Included with this notice are documents marked as exhibits that may be made part of the hearing record. If you are reading this online, you need to scroll through the entire file to see all pages. **Read the documents prior to the hearing and have them available at the hearing.** If you do not have the documents, and are unable to view them online, contact the Appeals Unit immediately. Employer representatives: Ensure the employer received a copy of all documents.

WITNESSES: You have the right to call witnesses. Before you ask witnesses to participate, be sure you need their testimony. **The best witness saw the events and circumstances you want to explain to the ALJ. When a witness testifies about what someone else said happened, this is "hearsay" and is not very helpful in proving your case.** You must arrange for the witness to be available at the time of the hearing. Provide the name and phone number of your witness (es) when you confirm participation for the hearing. Essential witnesses who refuse to testify may be subpoenaed.

RIGHT TO HAVE REPRESENTATION: You have the right to hire an attorney or other representative to help you with the hearing. You are responsible to pay any fees associated with the representation. If you have not already done so, provide the name, address, and phone number of your representative when you confirm participation for the hearing.

ACCOMMODATION: If you have a disability requiring accommodation in order to participate in the hearing, contact the Appeals Unit immediately to advise us of the accommodation needed. Individuals with speech or hearing impairments may call Relay Utah by dialing 711. The number to Spanish Relay Utah is (888) 346-3162.

IF YOU NEED AN INTERPRETER: Contact the Appeals Unit prior to the hearing so a certified interpreter can be arranged. You can indicate you need an interpreter when you confirm participation for the hearing.

QUESTIONS: If you have additional questions about the hearing, read the ***Guide to the Unemployment Insurance Appeals Process*** online at **jobs.utah.gov/appeals/ui/appealspamphlet.html,** or call the Appeals Unit at (801) 526-9300 or toll free at (877) 800-0671. You are responsible for knowing and following the information contained in the guide.

IF YOU MISS THE HEARING (REQUESTING A REOPENING): If you miss the hearing, and disagree with the ALJ's decision, you may request to reopen the hearing. Your request must be submitted online at jobs.utah.gov/appeals or in writing to the address or fax number at the top of this notice. Your request must be submitted within 10 business days from the date of the ALJ's decision. You must show an excusable reason for failing to participate in the hearing or your request may be denied. If your request is submitted more than 10 business days after the ALJ's decision, you will be required to show cause for the delay. If your request is submitted more than 30 days after the ALJ's decision you will be required to show good cause for the delay.

SENDING ADDITONAL INFORMATION: You may write a response to the appeal, but it is not required. A written response does not relieve you of the responsibility to participate in the hearing. If you choose to write a response or if you have additional information you want to be considered by the ALJ, you must upload it online, or mail, fax, or hand deliver it to the Appeals Unit, and all other parties, **at least three days prior to the hearing.** The Appeals Unit will not forward your information to the other party. Include the appeal case number on any information you send in. Documents should only be printed on one side, and not stapled to other documents. Documents not provided timely, or not provided to the other party, may not be considered by the ALJ. We will not return information sent to us, so make sure you have a copy of anything you send.

Claimants can upload information at: **jobs.utah.gov/myAppeal** (Employer upload not currently available). Otherwise, send all information to the address or fax number at the top of the first page of this notice.

CLAIMANT: If you are still unemployed, you should continue to file your weekly claims throughout the appeal process. You will not be paid for any weeks not filed timely, unless you can show good cause for late filing. If you need assistance with filing weekly claims, or if you need to reopen your claim, visit jobs.utah.gov or contact the Claims Assistance and Re-Employment (CARE) team at (801) 526-4400 or toll free at (888) 848-0688.

Type of Work:: TEACHER

Rate of Pay:: $26.00 Hourly

What is the name of the person who fired or discharged you?: WYATT BENTLEY

What is the title of the person who fired or discharged you?: ASSOCIATE DIRECTOR

Explain what happened, including the final incident, that caused you to be fired or discharged.: Unfortunately, my employee email address has been suspended, so I cannot copy-paste a detailed explanation of events, and it is a very long story, but essentially I was trying to teach and certain people at the administrative level felt I was a bit against the grain. Both of my citations were for inappropriate language (e.g. in the last incident I had said "I'm fucking Russian" which is true I did say that) and taught irrelevant material (e.g. I have been trying to teach kids how to properly use AI, esp. on how to engineer their LLM prompts as this is the most powerful learning tool ever invented). If you see my results, I didn't just teach everything on the meager teaching plan. I taught everything on the frankly embarrassing lesson plans, we reviewed previous work for the class. We reviewed key concepts for whatever discipline they were working in. I saw a teacher spell science "seance." When I asked where she got her English degree, she said she had a BFA in Dance from Weber State. This is a school where the base reading level of 7-9 graders is on average at the 5th grade level. This means that there are many 13-15-year-old kids reading below 4th grade. The ones who are ELL and speak no English, don't even know Spanish. I had to teach Spanish grammar to kids who only speak Spanish. I was given a printout of her kids' standardized test and told, "Don't waste your time--these kids are unteachable." I was at a loss. Because obviously they're "teachable" but you gotta teach them. Because so many of these kids haven't been taught, there are often groups of boys who turn the class into a zoo, while many other kids are trying to learn and yes I will talk to them in the same language in which they talk to each other and me. And that is the reason the Granite School District will say I was fired. But this is not the real reason. Indeed, most "issues" were about things like "handing out too many pens" and "going on unapproved walks around school."

Exhibit: 5

What could you have done to prevent the incident or situation that caused you to be fired or discharged?: If I had a dollar for every time a student told me "you're the best teacher I've ever had," "will you come back and be our real teacher," and most depressingly "I didn't even know there were real teachers who cared" I would have approximately 15, 10, and 5 dollars, respectively. I was not discharged for language or student abuse. That is laughable. But forget about me and think about these kids who are literally treated as inmates inside these schools, who can't leave (truancy laws), who aren't learning anything besides sadism. Obviously, this doesn't apply to all the students but that fact that it applies to about 30% is insane. I understand that the US public school system is based on the Prussian martinet model adapted for US factory workers, but that's clearly out the window. This 30% I'm talking about don't know the first thing about factory work or have any kind of skill that will help them properly succeed, let alone have anything like a love of knowledge or truth. It's self-preservation. That is the most important thing they're learning, but how they will do this as adults... well... it's not good, let's just keep it at that. This school district is full of administrators and teachers who are concerned with propriety, respect for authority, not talking in the hallways, etc. etc. anything but getting actual skills, ideas, and knowledge into the brains of the next generation of this fair and humble land.

What was the date the final incident occurred?: 05/05/2025

Were you told to change or improve your job performance?: Yes

Did you receive any warning before being fired or discharged?: Yes

If yes, how were you warned?: BOTH

When?: 01/22/2025

What were you told?: Do not use inappropriate language. Oh and not to photograph students, which I did not do, because that is against District policy. And both members of my committee agreed that I did not. What I had done is take out my phone and pretend I was going to record them so that they could see how they behaved. This was a group of boys who where literally throwing the trashcan back and forth and knocked a girl's notebook on the floor, a girl who had been trying to learn. There was also a girl who really didn't like that I was making everyone in the class read at least a sentence, a world aloud. We did it together, and yes, many of them didn't like it.

Were you fired or discharged for violating a company policy?: No

Were you fired or discharged for attendance problems?: No

Were you fired or discharged for any alleged illegal activity?: No

Have you been charged with a crime relating to being fired or discharged?: No

What other facts would you like to present about being fired or discharged?: I was fired because the Granite School System, even it's best schools are a dumpster fire, and it seems like most teachers agree. I want to at least finish the outline I'm working on. It will provide a very simple and sane (unlike the unhinged diatribe you have just read) outline for how schools can use the Oxford University model to endow each and every student with their individual AI tutor who will work with the student throughout their k-12 education and possibly beyond. This teacher will know exactly where the student is in every subject, Please see the work of Sal Khan and Ethan Mollick. That's what I'm working on for the state of Utah. If anything, I should be given a 100k grant and a team if the state cares about it's kids' education.

How many hours a week do you usually work?: 23

Additional Comments:

on 06/13/2025 22:40:31 - (801)618-7609 Per CC: He wasn't discharged, clmt had a philosophical falling out with employer. There were a series of meetings and instead of the issues he thought should be addressed

Exhibit: 6

about how students were being taught they were going in circles and complaints made against him were brought up. He left the meeting and did not return to work. States he was never discharged or told he was discharged. He was very dedicated and is dedicated to the whole education system. Doesn't remember all of the emails he sent he was flustered, he does agree he did send emails and does agree he didn't want to waste their time, said this in the meeting and also agrees he probably said that in the email as well. He did not talk to the employer again after the final email, didn't realize they saw it as a quit. The philosophical different he had was he felt like the employer wasn't doing a good job teaching the students, one of the teachers felt many of the Spanish speaking students were unteachable and showed him data that he maybe shouldn't have been shown. He is very passionate about trying to integrate a program in of AI and helping students learn but wasn't getting support. Teachers were complaining about him as he was hard on the teachers due to seeing the students being treated poorly and more like a prison system than educating them. He didn't have new work lined up and did not leave for a medical reason. But is working on an idea of a program with AI to hopefully improve the education system.

Re: Peter Golub – SSN: 528-91-2127
Claim Effective Date: 05/18/2025
Request for Immediate Resolution of Payment Hold
Date: June 2, 2025

Dear Claims Administrator:

I am writing regarding the unexplained hold on Mr. Golub's unemployment insurance benefits. Mr. Golub has been approved for benefits totaling $6,097.00 ($469.00 weekly for 13 weeks) but has received no payments despite filing all required weekly claims and job search documentation for the past two weeks.

The online system indicates an issue preventing payment, citing "discharged" and "not provide information" as concerns. I am writing to address these issues directly and request immediate release of the benefits owed to Mr. Golub.

First, regarding the discharge issue:

Mr. Golub was NOT discharged for misconduct. His separation from Granite School District was the culmination of philosophical differences regarding educational methods and his advocacy for educational reform, including the integration of AI tutoring systems to address the district's documented literacy crisis. While the district may characterize the separation differently, there was no misconduct, no violation of law or policy, and certainly no behavior that would disqualify him from unemployment benefits under Utah law.

The incident cited by the district—students conducting a brief dance activity after completing a Spanish test—was a classroom management decision made in the moment and hardly constitutes dischargeable misconduct. The students wanted to dance, and Mr. Golub let them as they had completed their test.

The more serious allegation of using the f-word is also not reason for dismissal, as Mr. Golub had used it in reference to himself not a student. This was regrettable but seeing as how long-term teachers regularly yell at students and use far more conduct *toward* students, this is not the type of offense that would warrant a discharge.

Unfortunately, Mr. Golub no longer has access to his Granite School email or profile, but it should be noted that multiple students wrote to the district with letters of praise, citing Mr. Golub's unprecedented attention to education and, perhaps more importantly in this context, respect for students who are regularly referred to as "unteachable" and "lost" by long-term faculty who are "burned out." Mr. Golub was not burned out and continues to be passionate about public education. This passion should be commended not penalized.

Second, regarding information not provided:

Mr. Golub has submitted all requested documentation through your online portal. If additional information is required, your office has failed to specify what is needed. This lack of

communication while continuing to require weekly filings without payment is unacceptable and potentially violates Utah's unemployment insurance regulations requiring timely determinations.

Therefore, I request the following immediate actions:

1. **Release all pending benefit payments immediately**, as no valid reason for withholding benefits has been established.
2. **If benefits cannot be released immediately**, provide within 48 hours a detailed written explanation of:
    - Exactly what information or documentation is required
    - The specific statutory or regulatory basis for withholding benefits
    - A clear timeline for resolution
    - The appeals process if benefits are denied
3. **Confirm receipt of this correspondence** and provide a direct contact for resolution of this matter.

Mr. Golub has met all eligibility requirements: he lost his job through no fault of his own, he is able and available for work, and he is actively seeking employment (exceeding the four weekly applications required). He has two advanced degrees from Columbia and Berkeley and devoted two years to attempting to improve educational outcomes for underserved students in your state. He deserves the benefits he has earned.

The Department's continued delay in payment while requiring ongoing compliance with filing requirements is causing significant financial hardship. Utah law requires prompt payment of benefits to eligible claimants. Each day of delay compounds the harm to Mr. Golub.

I trust this matter will receive your immediate attention. Should you require any additional documentation or clarification, please directly respond to this correspondence or contact Mr. Golub at 801-618-7609. We are prepared to provide any reasonable documentation to expedite this process.

However, absent a legitimate basis for withholding benefits, which has not been provided, we expect immediate release of all benefits owed.

Respectfully submitted,
Peter Golub

Dear Wyatt,

I didn't require the students to do head shoulders knees and toes. They wanted to do it and they had a competition of various teams. This was after the test. Many students asked to leave the class, and I asked them to do something while inside class. They had a great time. This was after I'd yelled at them about being Russian and that I really wished they could just act like they would with their home teacher and not constantly goading me (e.g. Whistling during the test, as well as singing, changing seats, copying, having their phones out, having their computers out, at some point—they just did something new as soon as I sat down).

This was the last class, and I had been very stressed for personal reasons. The students were to take a test but four boys wouldn't be quiet or sit in their seats. I did say I was fucking Russian (i.e. I was describing myself). Then they asked to perform heads shoulders knees and toes. After I did talk to several students about AI, one of whom showed interest, so she and I spoke with the class from a few minutes before class ended. This is not irrelevant.

The students were fine; however, I understand that this conduct falls outside the excellent decorum of the Granite School District. And I do not want to waste any more of your time and don't plan to work for the district.

The AI question should be the most important question you are discussing amongst yourselves at the administrative level and with the students.

I am currently working on this issue having seen the horrors of public education first-hand and am working with a few academics that feel the same way. Obviously, this is not my field, but I have always been interested in how learning works across many species and systems.

This is the pivotal education issue of our time, more important that the invention of the printing press when it comes to teaching young minds, and every educator in the country should be trying to get on top of this.

Given our widely different expectations for this meeting, I don't want to waste anymore of your time and wish you the best of luck. I sincerely hope you have a team working on this issue and that by the start of the next semester you have a comprehensive program in place.

All the Best,

Peter

Subject: Request for Written Explaination

Dear Mr. Peter Golub:

On May 1, 2025, while serving as a substitute teacher in the freshman Spanish classroom at Skyline High School, it was reported that you engaged in the following conduct:

- **Use of profanity and verbal abuse** toward students, including saying "no, I'm from Fucking Russia" when a student was asked and then guessed your origin.
- **Threatening physical harm**, specifically a statement that you would "stab [a student] with pencils" and remarks that "back in Russia they used to bash kids' heads."
- **Inappropriate classroom management**, requiring students to perform "Head, Shoulders, Knees, and Toes" for no apparent reason.
- **Irrelevant personal disclosures**, including lengthy commentary on AI/ChatGPT, translating for the government during the Ukraine war, and statements that this might be "your last option for jobs.

I am following up on these reports with a request for your written explanation of each of the above concerns. I want to afford you every opportunity to explain your side of these incidents. Please address each allegation from your perspective, including any mitigating circumstances or relevant context.

We have a telephone appointment with you tomorrow at 2:00 pm. However, we will still need this written explanation. Please provide your written response prior to our telephone appointment at 2 p.m. on May 13, 2025. If you feel that you have shared your point of view through the written explanation, there is no need to call at 2:00 pm tomorrow.

Sincerely,

Wyatt Bentley

On 5/10/2025 Brenda Byrnes and myself had a phone call with Peter Golub. We were going to address some concerns that had been expressed by a school (see attached email) When we reached Mr. Golub he had seen the email and since we were not calling to talk about the use of AI in Granite School District he didn't want to waste our or his time and resigned from Granite School District.

Rsn Stmt: Claimant quit due to dissatisfaction with the employer. Although clmt had meetings with the employer, is not seen as exhausted all alternatives to quitting as employer was still planning on meetings prior to resignation email sent by clmt. Claimant has not shown there would have been sufficient hardship by continuing employment. Work suitable majority BP and not illegal. Good cause not found.
Claimant failed to show circumstances were sufficiently mitigating or that he acted reasonably by not remaining employed until new work was secured. The elements of Equity and Good Conscience are not met. Benefits denied.

Notice: This decision is made on your claim for benefits:

You voluntarily left your job because you were dissatisfied with working conditions.

You did not establish good cause for leaving by showing that staying in this job would cause sufficient hardship to make it necessary for you to quit before finding another job or that you had no reasonable alternative to quitting.

Benefits cannot be allowed under the equity and good conscience provision because you have not shown that your reasons for leaving were sufficiently mitigating and/or you have not demonstrated a continuing attachment to the labor force.

Benefits are denied under Section 35A-4-405(1) of the Utah Employment Security Act beginning 05/18/2025 and ending when you have earned wages in bona fide covered employment equal to at least six times your weekly benefit amount and you are otherwise eligible. To reopen your claim, you can file online at jobs.utah.gov, click on "Sign In" and "My Unemployment", or you can call the UI Claims Center. This reopening will be effective as of the week you reopen your claim. You will be notified separately of any other issues on your claim.

RIGHT TO APPEAL: You may appeal if you believe this decision is incorrect. Your written appeal must be submitted online, faxed, postmarked (or otherwise delivered) on or before 07/02/2025. An appeal submitted after the deadline may be considered if you can show good cause for filing late. A copy of your appeal will be sent to other interested parties. For more information about the appeals process go to jobs.utah.gov/appeals. Your written appeal must be signed by you or your legal representative and include 1) your name and current mailing address, 2) your Social Security number, 3) the date 4) your statement of appeal. It is important to continue filing your weekly claims while the appeal process is pending. You will not be paid for any week not filed timely, unless you can show good cause for filing late.

APPEAL FILED BY:	Claimant	CONFIRMATION #:	278566
APPEAL DATE:	6/18/2025 3:30 AM	DEPT DEC:	VQDW 9
STATUS:	TIMELY		

Claimant:	PETER GOLUB	Employer:	GRANITE SCHOOL DISTRICT
SSN:	XXX-XX-2127		,
PID:	080-120-588		

I disagree with the Department's decision because:

Here is my argument for how it is literally and factually impossible for me to have left work voluntarily as I do and did not have access to my accounts. As of May 5, I was not allowed to go to work. I was ready and willing to continue to work. How I can "leave voluntarily" when my work accounts have been cancelled/blocked needs to be explained to me. I tried to log into my account for two weeks and sent many, lengthy emails to the administration regarding this matter. Then my email account was also blocked, and I had no means of communicating with the administration. Hence, it defies logic that I left the job voluntarily. Unless I am missing something and can appear randomly to teach classes, I cannot be on school property without having access to my account and being registered to teach at the school. MY ACCOUNT WAS BLOCKED ON MAY 5! THIS IS A FACT. If you would like me to explain this to you in detail I can. I can say over and over, my account was blocked and I was not allowed to teach. Over a week later (May 13), the district answered my emails with a complete non-sequitur about "using inappropriate language" b/c I'd called myself a "fucking Russian" in class. This incident refers to something that occured the third week of April not May 5. IT DOES NOT ADDRESS WHAT HAPPENED ON MAY 5. The cause for blocking my account was never addressed. At our final meeting on May 15, I said I did not want to waste anyone's time. I DID NOT SAY I DID NOT WANT TO WORK. In fact, I said I wanted to keep in contact with them over the summer and send them my suggestions for AI in education. Why would someone who is quitting want to keep in contact with that employer and share information they believe would be beneficial to that employer? I request an immediate reopening of my case and a meeting with the unemployment office and Granite School District representatives, so that I can at least hear the explanation for how someone whose accounts are blocked has "left work voluntarily.
